

EMEROD

TECHNICAL SHEET

EMEROD

ODOR DESTRUCTOR

Product presentation

Aerosol with intense diffusion jet. Immediately neutralizes foul odors (ammoniacal, urine, rodent corpses, waste, moisture etc).

Atmospheric sanitizer suitable for large volume rooms larger than 25 m3.

Strengths

- Immediate neutralizing action
- Long range diffusion: up to 5 meters.

Application and dose of use

Powerful dispersant, with instant dispersion by microdiffusion with turbulent effect, which allows a quick neutralizing action against bad odors.

Apply by brief spraying, without prolonged spraying. As an indication, press the diffuser 1 second for a volume of 25 m3.

Precautions for use

Dangerous. Observe the precautions for use. Before use, read the label and product information. It is essential to consult the safety data sheet available free of charge on request at the following address: fds@lodi.fr.

For any indoor diffusion, make sure before spraying, in the absence of any source of ignition (flame, cigarette, electrical appliance in operation), in the room or the surroundings.

As any odor destroyer, do not spray or saturate the premises in the presence of people, pets, aquariums and terrariums food or feed. In case of excessive misting, ventilate before reoccupying the area.
