

## AUODIL SUPER PB +

Emulsifiable concentrate insecticide used  
against flying and crawling insects

### A- ACTIVES SUBSTANCES

D-trans-Allethrin : 20 g/L  
Permethrin : 250 g/L  
Piperonyl butoxide : 150 g/L

### B- PHYSICO CHEMICAL PROPERTIES

Formulation: Emulsifiable concentrate  
Appearance: Yellow/Brown liquid  
Density: 0.983  
Flash point: > 62°C

### C- EFFICACY

**AUODIL SUPER PB +** is used to fight against **crawling** and **flying** insects such as ants, cockroaches, moths, silver fishes, beetles, flies, mosquitoes, stored products pests, and also against acarina, in houses, offices, hotels, restaurants, backer's shops, kitchens, warehouses...

D-trans-allethrin and permethrin are pyrethroïds that disturb nervous systems of flying and crawling insects. These two molecules confer to **AUODIL SUPER PB +** a "knock-down" effect and the treated surfaces are protected during several weeks.

### D- APPLICATION AND APPLICATION RATE

**AUODIL SUPER PB +** is an insecticide formulation to dilute in water before to use at the dose of:

- o 50mL in 5L of water for a maintenance treatment
- o 100 mL in 5L of water for a shock treatment

• Surface treatment: 1L of mixture to spray 100 linear metre or 10 to 20 m<sup>2</sup>. Ventilate during all treatment duration and well ventilate the area before re-entering (30 min to 2 hours according to ventilation level).

• Volume treatment (cold-fogging or thermo-fogging):

Inside treatment: 1litre of mixture to treat 1000m<sup>3</sup>.

Outside treatment: 1 litre of mixture to treat 0,5 to 1 hectare against flying insects.

Evacuate animals and protect aquariums and terrariums before fogging. Let the treated room closed 4 to 6h for optimum efficacy. Well ventilate the area before re-entering.

### E- PACKAGING

Jerrycans: 5L  
Bottle: 100 mL / 500 mL

---

**F- PRECAUTIONS**

---

USE BIOCIDES SAFELY. Always read the label and product information before use. Read the safety data sheet free available on request at [fds@lodi.fr](mailto:fds@lodi.fr)

Do not eat, drink or smoke during handling and applying the product. Do not throw out in sewer or watercourses. Dispose of the product according to national regulation. Do not reuse packaging.

Storage: Store unused product in its original packaging, hermetically closed. Keep out of the reach of children. Keep away from foodstuffs and feedstuffs. Store in well ventilated place and out of heat sources.
